

INDIA ON TRANSFERWARE

A Compendium of Indian Scenes on Transferware
Together with Their Source Prints

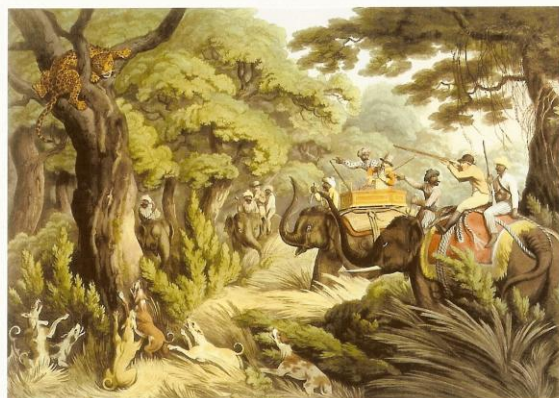

MICHAEL SACK

For the first time, every known scene of India on transferware is included in one book, together with photos of both the patterns and the source prints from which they were derived. Each pattern and its source prints (sometimes as many as five) are shown side by side so that they can easily be compared. The text, with a foreword by Dick Henrywood, discusses the ceramics and their manufacture, the artists who created the prints, and the books in which the prints were published. This soft cover book, in full color, has 234 pages in an easy-to-hold 9 x 7 inch landscape format. Two typical two-page spreads are shown below.

7-10 Well & tree platter 21 1/4" x 16 1/2"
Unknown maker's "Oriental Sports" series
Shooting a Leopard

Shooting a Leopard, pl. 23

2-10. Soup plate 10", John & Richard Riley
Eastern Street Scene

The Sacred Tree of the Hindoos at Gyah, Bahar

View on the Chitpore Road, Calcutta
