The Transferware Collectors Club

Mission is to educate all interested parties about British transferware and to serve as a forum for sharing information and interests among collectors, dealers, scholars, historians, archeologists, and those that simply appreciate the beauty and technical proficiency of British transferware. Remembering the club in your will or living trust can help to ensure that the valuable programs the club has established will continue and grow. These key programs include:

- * **An Interactive Web Site** filled with valuable content and fresh news about collecting transferware and the pottery industry
- * **Pattern and Source Print Database** with thousands of published patterns and hundreds of source prints
- * **Interactive Online Exhibitions** dedicated to educating and informing a broad, world-wide audience about transferware
- * **Research Grant Program** resulting in quality, published research
- * **Transferware Worldwide Lecture Series** offering free Zoom lectures by experts in the field of ceramics from around the world
- * **Annual & Regional Meetings**
- * **TCC Bulletin** published quarterly and filled with great articles from an international group of researchers
